

Random Tumble Block

Welcome home! The driveway is the first thing people see of any property – an extension of the home itself. A well chosen driveway complements the house and garden – spelling 'a warm welcome' and 'pleasure to be home'. If and when the time comes to sell, a driveway will surely add value and buyer appeal.

All the quality of tumbled block paving with the added opportunity for creativity, thanks to a mixed crocodile– size pack. Four different block shapes which allow for unique designs – so pleasing on the eye and available in range of colours to suit any setting. As with the tumbled blocks these are manufactured 'nibbles' - as a result they are laid without gaps to keep weed growth to a minium.
