

About Us

Gardeners World has been a leading supplier of superior concrete, natural stone and all other hard landscaping products. With over 20 years` experience we provide expertise from project design and conception to installation and maintenance to help transform your landscapes and re define the built environment.

Gardeners World is a local family run business that was established over 20 years ago serving the local landscape trade and domestic market.

Gardeners World was established as a small business in the mid 80`s by a husband and wife and their youngest son only to be later joined by the eldest son who completed the family team. The company has come on a long way from the early days of just delivering topsoil and paving. Now almost 3 decades later Gardeners World is still providing the same great service and has invested in the future of the company by building a new purpose sales and storage facility.

Mission statement

Our mission is: to perform for all our customers the highest level of quality landscape services at fair and market competitive prices. To ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including timeliness, attention to detail and service-minded attitudes we also strive to maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with all our customers.

Why choose us?

As a local company we pride ourselves in our relationship with the community, we have a dedicated team of employees who provide exceptional customer service. We have a professional and caring approach to all our customers and are only too happy to help with any queries or projects our customers wish to undertake.

We are open 7 days a week and have a member of staff that can help you with any aspect of landscaping whether it be hard landscaping or soft landscaping, we offer a delivery service 6 days a week (please see our delivery page for all details.). In a nutshell we are big enough to compete but small enough to care!
