

We Deliver

Whether you are a contractor with a team of landscapers chomping at the bit or a budding gardener with just a few days off to create your own dream garden the last thing you want is to be hanging around with false promises as to when you expect your delivery.

At Gardeners world we take pride in the speed and reliability of our delivery service. Our guarantee of next day delivery on all stock items is only ever surpassed by our ability to deliver sameday where possible.

Our own fleet of delivery vehicles includes both the very latest purpose built vehicles complete with remotely operated crane off loading equipment. And tipping trucks with capacities from 7.5t to 32t this gives us the delivery options from 1 ton to 21 ton and with our fully qualified delivery drivers who are always happy to aid our customers in any way they can.
